“The Power of Song”

John Wesley, the founder of Methodism, once travelled from England to Georgia as a missionary, but the experience was a failure. As he returned home in frustration, his ship ran headlong into a terrible storm. Wesley was terrified, but he couldn't help noticing a group of German Christians aboard the ship. They trusted God so completely, they held a worship service during the storm. In the middle of their singing, a wave rose over the ship and bore down like Niagra. But the Christians didn't miss a note. Wesley realized that the German believers had something he didn't have; and thru their influence, he shortly afterward trusted Christ completely.

Trusting Christ enables us to face the storms of life. The Bible says that the Lord will give us songs in the night, and He promises to give us “songs of deliverance” as we wait on Him. So, sing a song of deliverance; sing a song of praise. It will cheer you up!!

Have a blessed week!
