

## Pastor's Weekly Devotional – September 27<sup>th</sup>, 2018

### “Transformation”

One of the big hits at the movies is the “Transformers.” This is where a machine can transform itself into a “killing machine” seeking justice.

When I did my dissertation, it took long hours and weeks to type the few hundred pages. It was painstaking and very tedious to say the least. But now with the invention of the computer, everything has become less burdensome. The computer, cell phone, debit cards, GPS systems, online shopping have certainly transformed our lives.

But “transformation” is not new to God. He has been transforming lives since the beginning of time. For instance:

- He transformed a blood-thirsty persecutor into the greatest Christian who ever lived named the Apostle Paul.
- He transformed a Samaritan woman of ill-repute and made her into an evangel of truth to her own people.
- He transformed a cheating Tax Collector and made him one of his apostles called Matthew.

There is absolutely no sin that God thru Christ cannot forgive! He will not only forgive you but He does so instantaneously, fully, freely and completely with no strings attached. There is hope in Christ. There is no lost cause that God cannot redeem. Invite Jesus into your life and the transformation you will experience will be out of this world!!

Have a blessed week!  
Pastor Sewdin
